NORMA**FIX**® Stainless Steel Tie Ball Locking

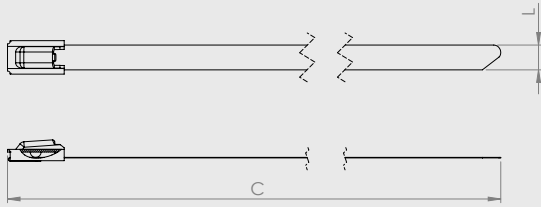

Metal cable tie for high strength fixing

- ✓ Made entirely of high grade stainless steel
- ✓ Ball-lock type self-lock system, speeds installation
- ✓ Quick installation and low insertion effort
- ✓ Excellent corrosion and UV resistance

NORMA**FIX**® Stainless Steel Tie Ball Locking

Applications

- Cable and pipe fixing in shipbuilding, offshore, petrochemical plants, oil rigs, and environments with a risk of fire.
- Used as flame safety in electrical installations to fix the metal I.D. plates, which must be preserved in the event fire.
- Installations where high mechanical and UV resistance are required (photovoltaic)

Material

Band	W4, W5
Working Temp	-80 °C to +300 °C
Flammability	Fireproof
